The existing drawbridge operation regulations are listed at 33 CFR 117.721. On the day of the event, the normal operating schedule for the Grassy Sound Channel Bridge (Ocean Drive) is open on signal from 6 a.m. to 8 p.m. with a two hours advance notice at all other times.

Under this temporary deviation, the drawbridge will be allowed to remain in the closed to navigation position from 7:30 a.m. to 11 a.m. on Saturday, May 18, 2014 to accommodate "The Wild Half" half marathon. The bridge will operate under its normal operating schedule at all other times. Log books indicate there have been no

opening requests during this yearly event in 4 years and waterway users are accustomed to the temporary closure.

The Grassy Sound Channel Bridge (Ocean Drive) across the Grassy Sound has a vertical clearance in the closed position of 15 feet above mean high water. Vessels able to pass under the bridge in the closed position may do so at anytime and are advised to proceed with caution. The bridge will be able to open for emergencies. The New Jersey Intracoastal Waterway is an alternate route for vessels transiting this area and vessels may pass before and after the closure. The Coast Guard will also inform additional waterway users through our Local and Broadcast Notices to Mariners of the closure period for the bridge so that vessels can arrange their transits to minimize any impacts caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.
